NI.W RAILWAY DEAL

Director, Mich., Dec. 16.—Some months ago the Hon James F. Joy possitively announced that the Pennsylvania railroad system had secured an entrance into Detroit, with terminal facilities at the Fort street union. pot. One of the best posted railroad men stated today that by July I, next, at the outside, the Pennsylvania system will be running solid trains from the east and south into the city.

The Flint & Pere Marquette railroad has already secured the right of way from Munroe to Toledo for its new has, which will be built in the spring. The Pennsylvania, as is well known, has an end of the division at Toledo, and when it gets an entrance here it will soon have its own line, and take the division business from Toledo to Detroit. Across the river Rouge the Wabash people are aiready throwing a double track bridge to take the piace of the old single track affair, and it is said arrangements have been made for the double tracking of the Wabash railroad from Detroit to Romulus.

The program is for the Wabash to quietly double track its line to Romulus, the Fint & Pero Marquette build the new line and run into the passenger depot of the Fennsylvania system at Tolesko and reach Detroit via Romulus and the Wabash route. Then the Pennsylvania will step in and run solid trains through to Detroit, making this one end of the line and Pittsburg the other. The Pennsylvania has gained what it has long desired, an entrance to Detroit the Fint & Pere Marquette gets an opening into a new and profitable field and the Wabash gets a goodly haul and track charges from Romulus, not from one road but from two.

Patablished Grade Lines.

The only important work done by the board of public works yesterday afternoon was the establishment and restablishment of grade lines. The most important one was West Bridge street hill. The grade as formerly established made it a 7 per cent grade. Yesterday a portion of it was faised to a 9 per cent grade and the balance was made a 7 per cent grade. This will make the cut less severs and will permit Prospect avenue to be graded without a deep cut. The grade line of Prospect avenue was made to conform to the grade of Bridge street, and West Fulton street grade was established to John Ball Park, according to the agreement between Mrs. McNamara and the city. An approximate estimate of the cost of grading South Lane avenue was submitted at #5,310.

Jennie was allowed to go on her own recognizance when first arrested, but she skipped out and the arrest yesterday was on a bench warrant. She pretended to be sick in bed, and the woman of the house said it would endanger her life to have the officer speak to her. Captain Judd choked down his natural feeling for the gentle sex and boldly walked in and told the young woman to get up. When ence out of bed she was as well as any one, and entered a pies of not guilty before the United States court. Captured on a Beach Warrant.

certain land in Adatewnship. The land
was sold in 1889, Devilio W. Anderson

titles which Mr. Friedrich wants set

aside on the ground that the name of George W. Stone does not appear as auditor general on the petition for their sale; that the sale was not properly advectised and that no subpassas were served on the complainant. This action of Mr. Friedrich's, if successful, may invalidate the whole chain of tax titles for the year 1860.

S. P. SMITH, of Towards, Pa., broken down, is cured by Ayer's Sarsaparilla. He writes:

"For eight years, I was, most of the time, a great sufferer from constipution, a clearly trouble, and indigestion, so that my constitution accened to be completely troken down. I was induced to try Aper's Sarsaparilla, and took nearly seven bottles, with such excellent results that my stomach, bowels, and kidners are in perfect conbowels, and kidneys are in perfect condition, and, in all their functions, as regular as clock-work. At the time I began taking Ayer's Saraparilla, my weight was only 129 pounds; I now can brag of 159 pounds, and was never in so good health. If you could see me be-fore and after using, you would want me for a traveling advertisement. I believe this preparation of Sareaparilla-to be the best in the market to-day."

SIMPLE.

The Way We Do It. Why Drs. Copeland and Graham succeed Where Others Full.

Do not allow yourself to drift from catarrh into the grippe or consumption simply because your experience has been discouraging. Many physicians tell you catarrh cannot be cured because they have not had the previous training to successfully handle the disease and are not supplied with the requisits facilities for its treatment. Drs. Copeland and Graham have been treating patients day after day for years. They know all about the disease. They understand and here mot even the rarest cases. It costs you nothing to verify this. CONSULTATION AND EXAMINATION IS PREE. CONFIDENTIAL AND THOROUGH. Remember few persons ever recover perfectly from the grippe. Prevent it by having your catarrh cured in time.
